Capturing the renowned beauty found in natural slate is High Ridge from Florida Tile. A refinement of the random hues and prominent clefing found in slate, High Ridge features adaptable, neutral color choices that are perfect for transitional designs.

Six color options include: Stardust White – a delicate layering of cool vanillas; Pinnacle Beige – a sandy fawn; Rockwall Gray – slight gradations of cool grays; Deep Taupe – a curious balance of warm gray and mushroom tones; Nightfall Black – enchanting degrees of black and near black; and Canyon Slate – a rustic mixture of red-browns and deep grays distinguished with a subtle oxidation.

Pressed field tile formats include: 12x12 and 12x24. A traditional 25-piece mosaic and 3x12 bullnose in all six colors beautifully

complement the field tile. For outdoor spaces, a 2cm 24x36 is available in Stardust White, Pinnacle Beige, Rockwall Gray, and Canyon Slate.

High Ridge glazed porcelain floor and wall tile is appropriate for most residential and commercial interior, dry and wet applications including walls, countertops, backsplashes, and floors. Made in the USA at our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, it includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
