INVITING SPACES TO BLOOM

shown on front: **LTS408INLEAF** Fusion Walnut

Lotus by Florida Tile is a celebration of movement, geometry, and natural wood-look material. Inspired by the organic curve of a leaf and the rhythm of repeating form, Lotus transforms a three-sided, rounded shape into a dynamic surface that feels alive with motion.

At first glance, the collection's geometric wood-look pattern creates a kaleidoscopic effect; an optical illusion formed through the fusion of varied wood tones and directional design. Each piece plays with light, color, and perspective, shifting as the eye moves across the surface. Though unconventional in shape and pattern, Lotus remains grounded in warmth and familiarity, thanks to its rich wood visuals and natural color variation.

Available in an 8" leaf format in four expressive palettes: Fusion Smoke, Fusion Natural, Fusion Honey, and Fusion Walnut. Lotus offers a spectrum that ranges from airy and modern to deep

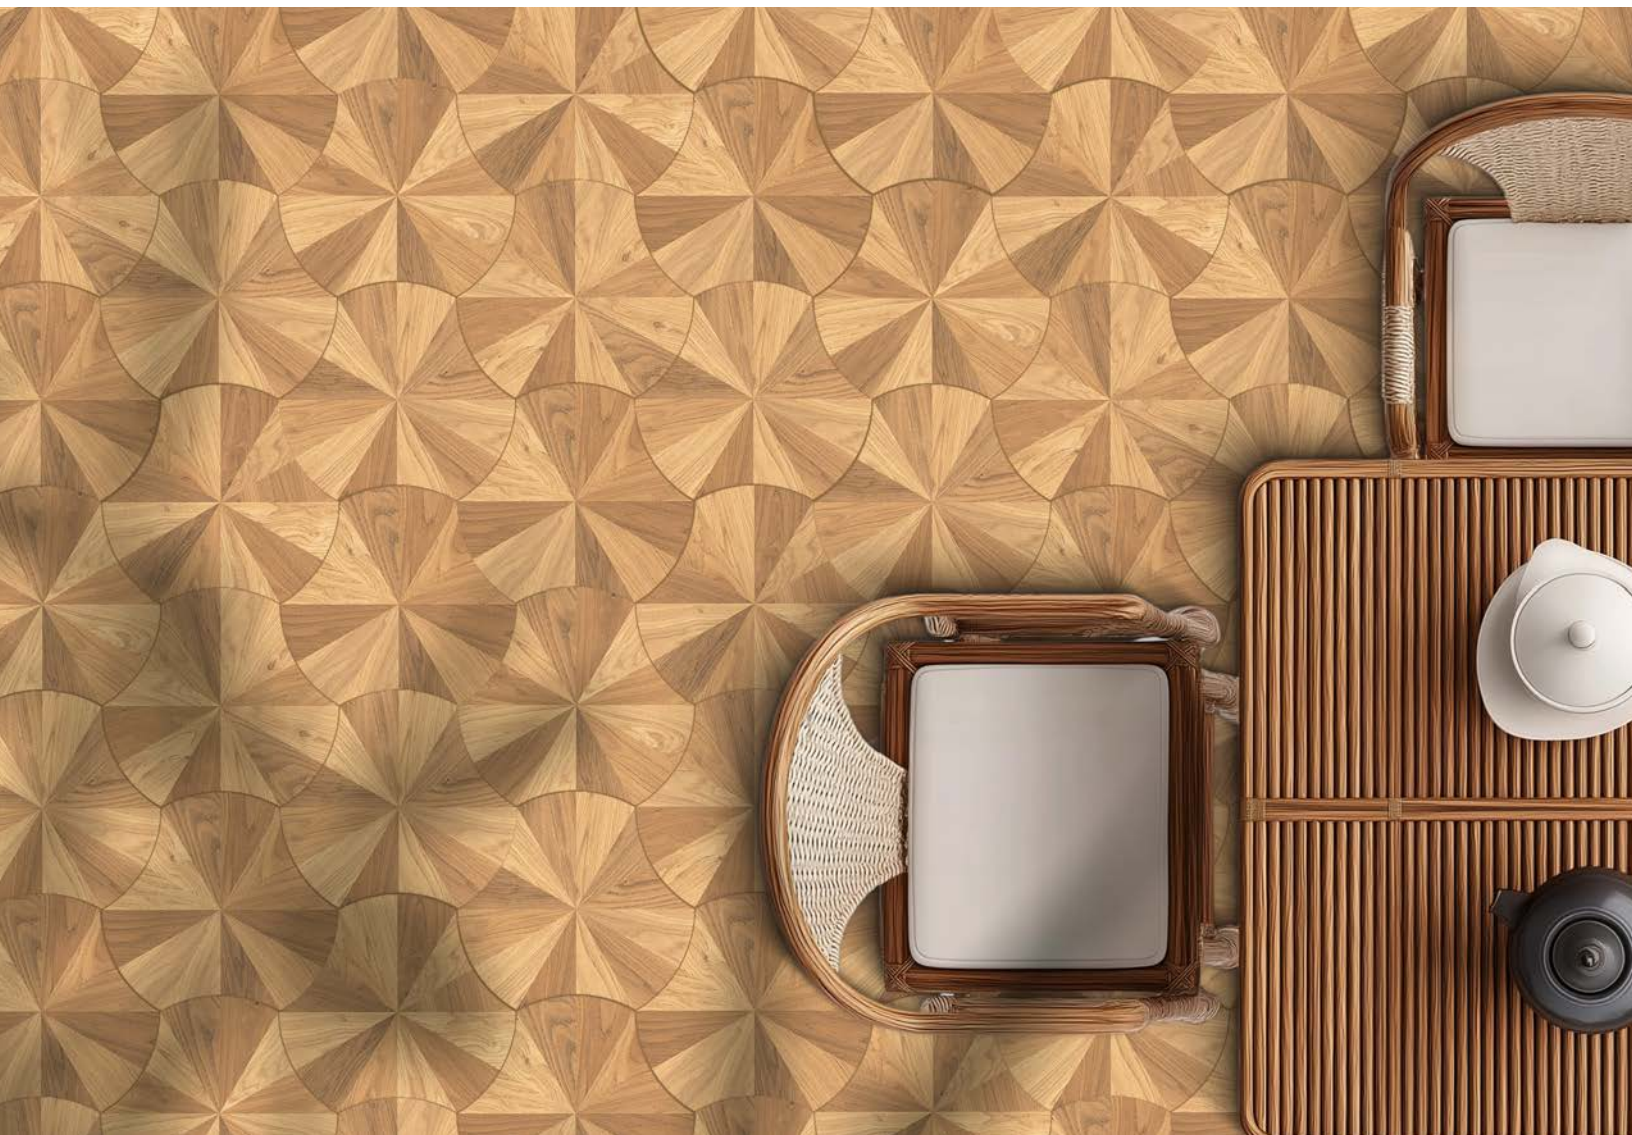

and dimensional. The interplay of tones and fusion of wood variation within each colorway enhances the collection's sense of movement, giving every installation a layered, handcrafted feel.

Perfect for spaces where personality shines, Lotus thrives in small rooms like closets, bathrooms, mudrooms, and laundry rooms, where its intricate pattern can be fully appreciated. It also makes a striking statement as an accent tile, ideal for backsplashes, commercial interiors, and creative tile-carpet moments.

Bold yet balanced, playful yet rooted in nature, Lotus is where geometry meets organic design, inviting spaces to bloom with energy, texture, and unexpected beauty.

Lotus glazed porcelain tile is suitable for most residential and commercial wall, floor, countertop, and backsplash applications and is GREENGUARD® certified.
